ポケットモンスター

キミにきめた！

第4話

The sky was clear until just a minute ago,
but now it's seriously pouring down!
Soji, was that what his name was?
This is exactly what he said was going to happen.

What's wrong, Pikachu?
Pika, Pika!
Pikapi!
Pika?!
Oh... There's something over there...!
It's a Hitokage...!

What's it doing in the middle of such a heavy rainstorm?
It's completely soaked.

It looks kinda down...
.....

Huh...? This Hitokage...

Pocha Pocha?
Pika Pika?

!
Kageee!!
Kage!
That's.....!
Kage!
Kage!

ハアアア
Isn't that the guy who...?!

Thank goodness.
It DID have a Trainer.
Kage.
Kage.
Kage!
Kagee,
Kage!
Kage...
What?!
Kage!
ドカッ
ｷﾙﾙﾙ

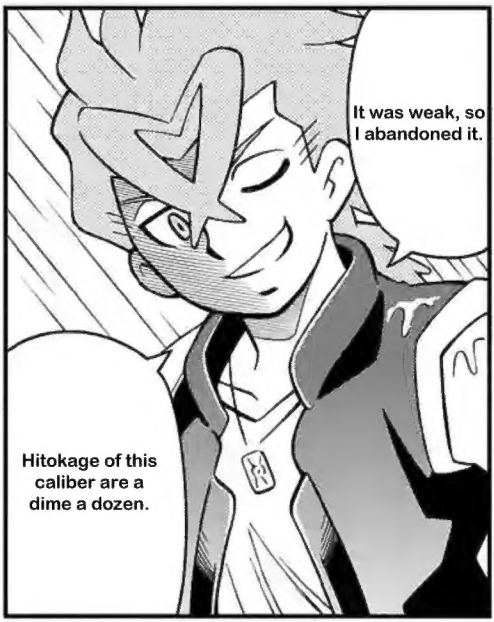
I have no more use for you.
Get lost.
You're still here?
Kagee!
Kage...

Huh...!

Who are you?
Gururururuuu!

Are you this little one's Trainer?
Yeah. Or rather, its "former" Trainer.
"Former"...?

!!



It was weak, so I abandoned it.
Hitokage of this caliber are a dime a dozen.

Pocha!

Pika!

Kage Kage!
.....!!

but I miscalculated pretty badly.
I thought it'd be a bit better than that,

WHAT DID YOU JUST SAY?!
WHA-
It kept persistently following me,
so I told it to wait here.
IF YOU TELL A POKÉMON YOU GOT TO WAIT SOMEWHERE,
SOME OF THEM ACTUALLY WAIT THERE UNTIL THEY DIE!
So?
Heh.
WAIT!!
Ugh...!

Pokémon
.....
can't grow stronger on their own!
is that what you said?!
You abandoned it because it was weak,

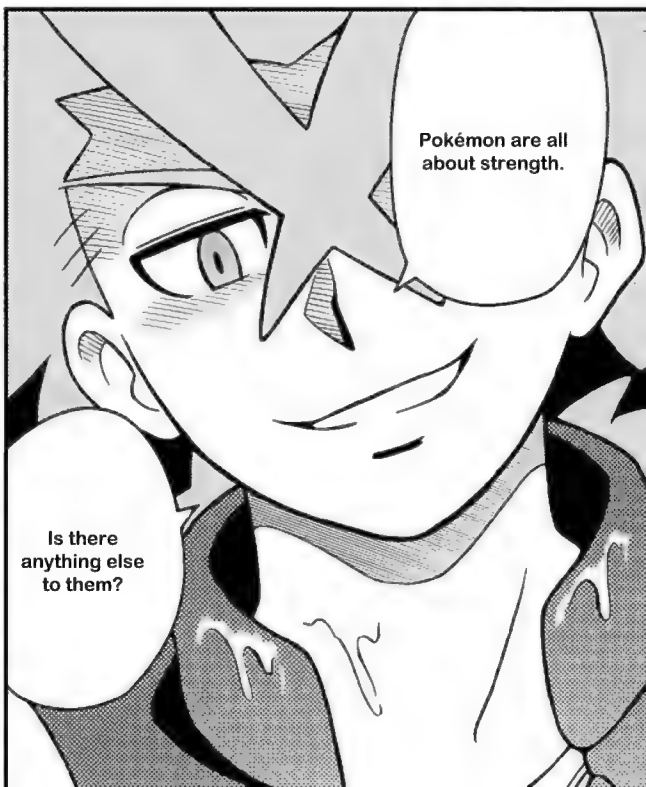
THAT'S WHAT BEING A TRAINER IS ALL ABOUT, ISN'T IT?!
HELPING POKÉMON GROW STRONGER...

Luga!!
What's...
...the point in doing that?
Argh!
Pika!
Oh...!

If they don't want to get abandoned...
If they don't want to die...
...they should grow strong.

.....

Pokémon can...



Pokémon are all about strength.
Is there anything else to them?

...BECOME YOUR FRIENDS.

PIKAA!
SATOSHI!

My name is Cross.
I am the man who will become the strongest Trainer of them all.

How naive.
Friendship only makes Pokémon weak.

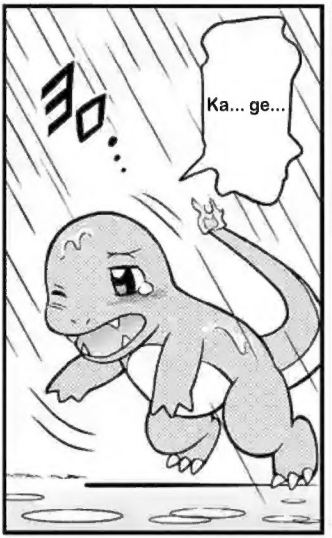
"Strongest of them all"...!

Sounds good... I'll crush you to a pulp.

All right, then, let's battle!

See ya.
Well, that's what I'd like to say, at least.
But I never battle on rainy days.

Pika!
Pocha!



Ka... ge...

Kagee!
Kage...

And despite that, it still tried following him. I can't believe it!
He said those terrible things to it and then abandoned it...

If the flame goes out, it'll die!
The flame on its tail has grown even weaker!

Pika!!
ヒンヤリ
Hurry! Let's search for some place we can use as shelter from the rain!

We can wait out the rain here, but...
There was a handy cave here.

Sheesh, you guys are noisy.
!
Hang in there, Hitokage!
Ugh... The flame keeps growing weaker!
You took shelter here too?
So... Soji!
Wh-Why did you neglect your Hitokage until it got in this condition?!
You misunderstand! This wasn't Satoshi's fault!
No, I...!
Wha...!

Either way, leave this to me!

I'll definitely ...
DEFINITELY save it!

Soji, can you cure it?!
Of course!

I WILL save you!!
Hang in there, Hitokage!
Don't die!
